ONE SCHOOL RECORD. THIRTEEN BUILDINGS.

University High School, Parkville: each building its own shape from the council footprints, coloured by era.

Buildings by era

Buildings	Footprint m²	Floor m² (estimated)
13	9,484	24K

Each building

Building	Era	Footprint (m²)	Height (m)	Storeys (est.)	Share of floor	Access rating
B01	1930, built (CLUE)	6,434	18.0	3	75.9%	2
B02	On the 2014 outlines	883	13.5	3	8.3%	
B03	2014, built (CLUE)	836	18.0	3	10.1%	3
B04	Shown from the 2023 footprints	205	4.0	1	0.9%	
B05	Shown from the 2023 footprints	202	3.8	1	0.9%	
B06	Shown from the 2023 footprints	199	3.7	1	0.8%	
B07	Shown from the 2023 footprints	198	3.7	1	0.8%	
B08	Shown from the 2023 footprints	197	3.8	1	0.8%	
B09	Shown from the 2023 footprints	195	3.9	1	0.8%	
B10	On the 2014 outlines	72	3.0	1	0.3%	
B11	Shown from the 2018 footprints	38	4.5	1	0.2%	
B12	Shown from the 2018 footprints	14	3.0	1	0.1%	
B13	Shown from the 2018 footprints	13	2.5	1	0.1%	
Total					**100.0%**	

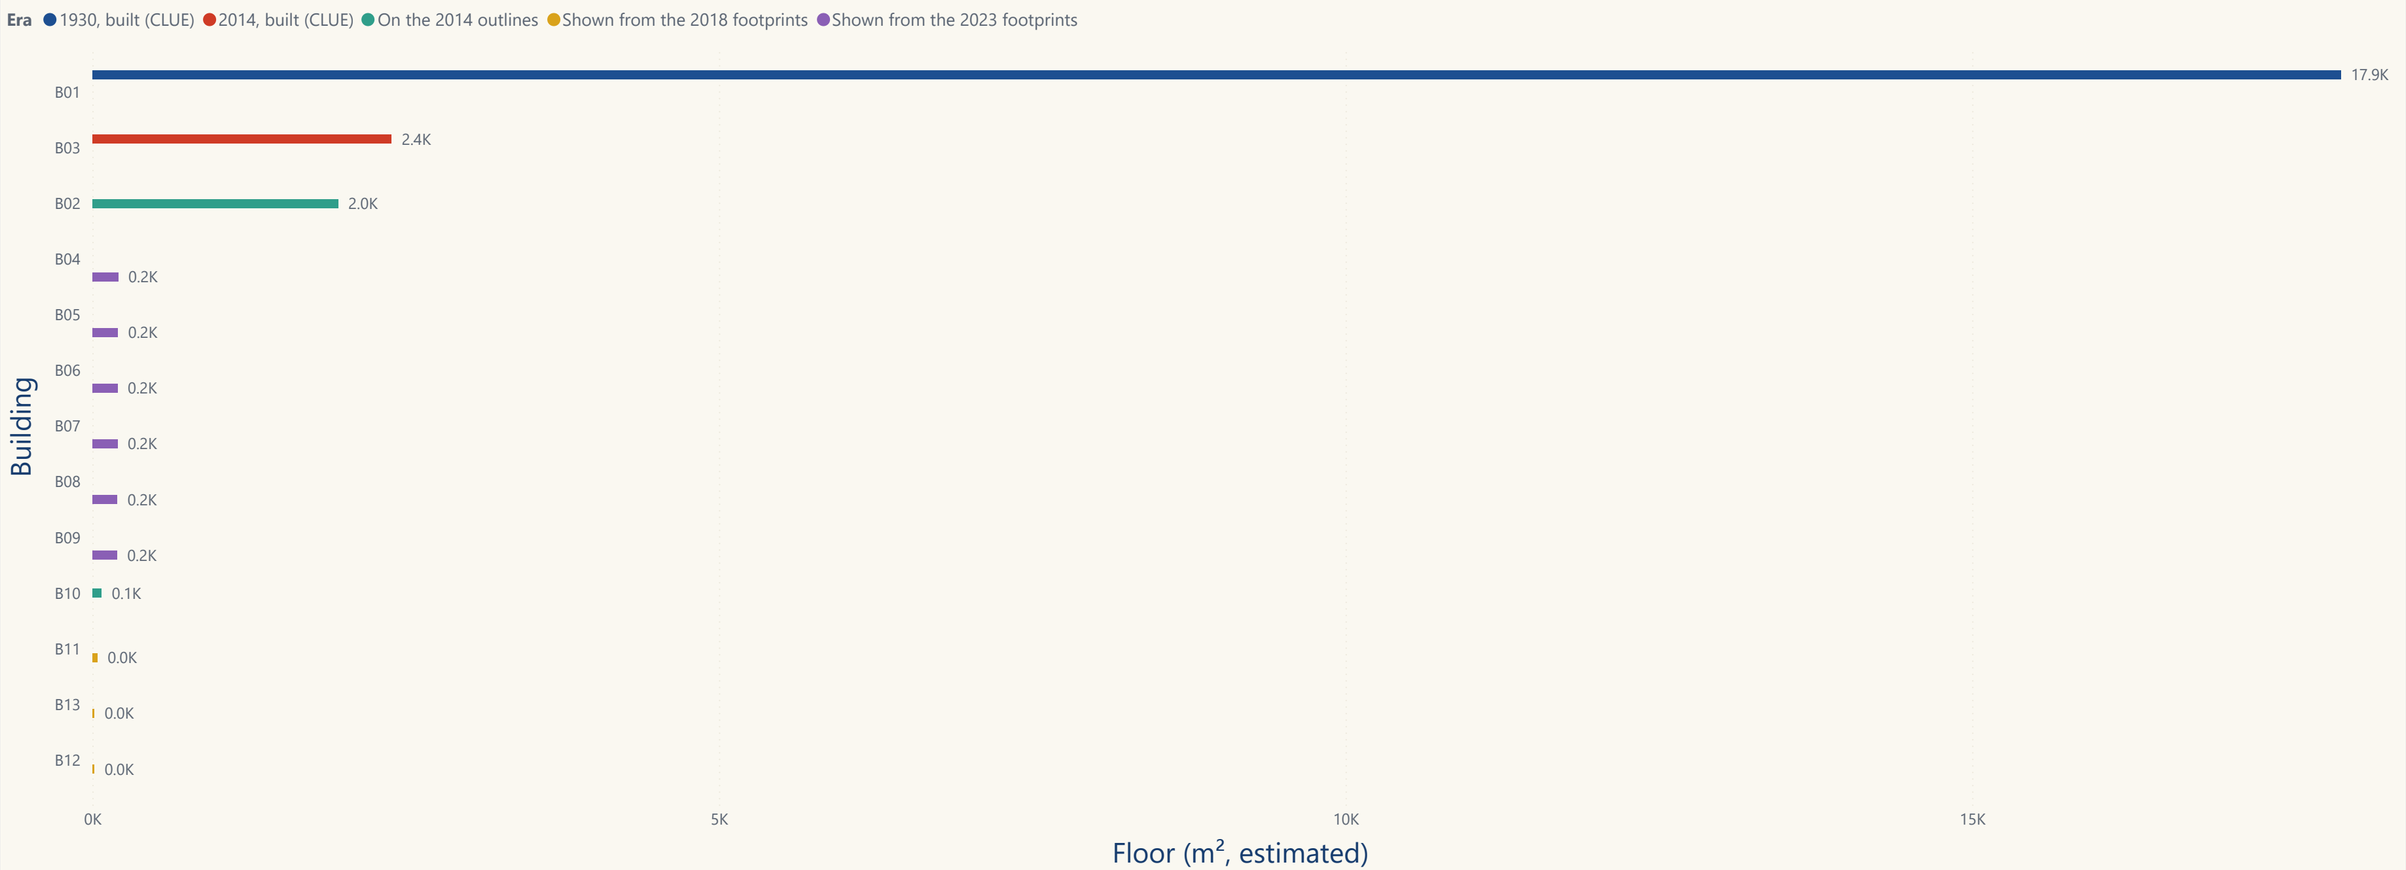

Building outlines 2014 and 2015, building footprints 2018 to 2023, property boundaries and CLUE building information: City of Melbourne Open Data, CC BY 4.0. Enrolments: Victorian Department of Education, All Schools FTE Enrolments (DataVic), CC BY 4.0. Map context: ABS ASGS 2021 suburbs (CC BY 4.0), Vicmap Property road casements (CC BY 4.0). Shapes made in Plotlay (getplotlay.com). Floor space is an estimate.

GROUNDS ARE NOT FLOOR SPACE

Per student, 2025. Enrolments are the school's: divided at site level only, never split across buildings.

Grounds m² per student, 2025 (the site, one shape)	Footprint m² per student, 2025 (buildings rolled up)	Floor space m² per student, 2025 (estimated)	Students, February 2025 (FTE)
12.2	4.8	11.9	1,983

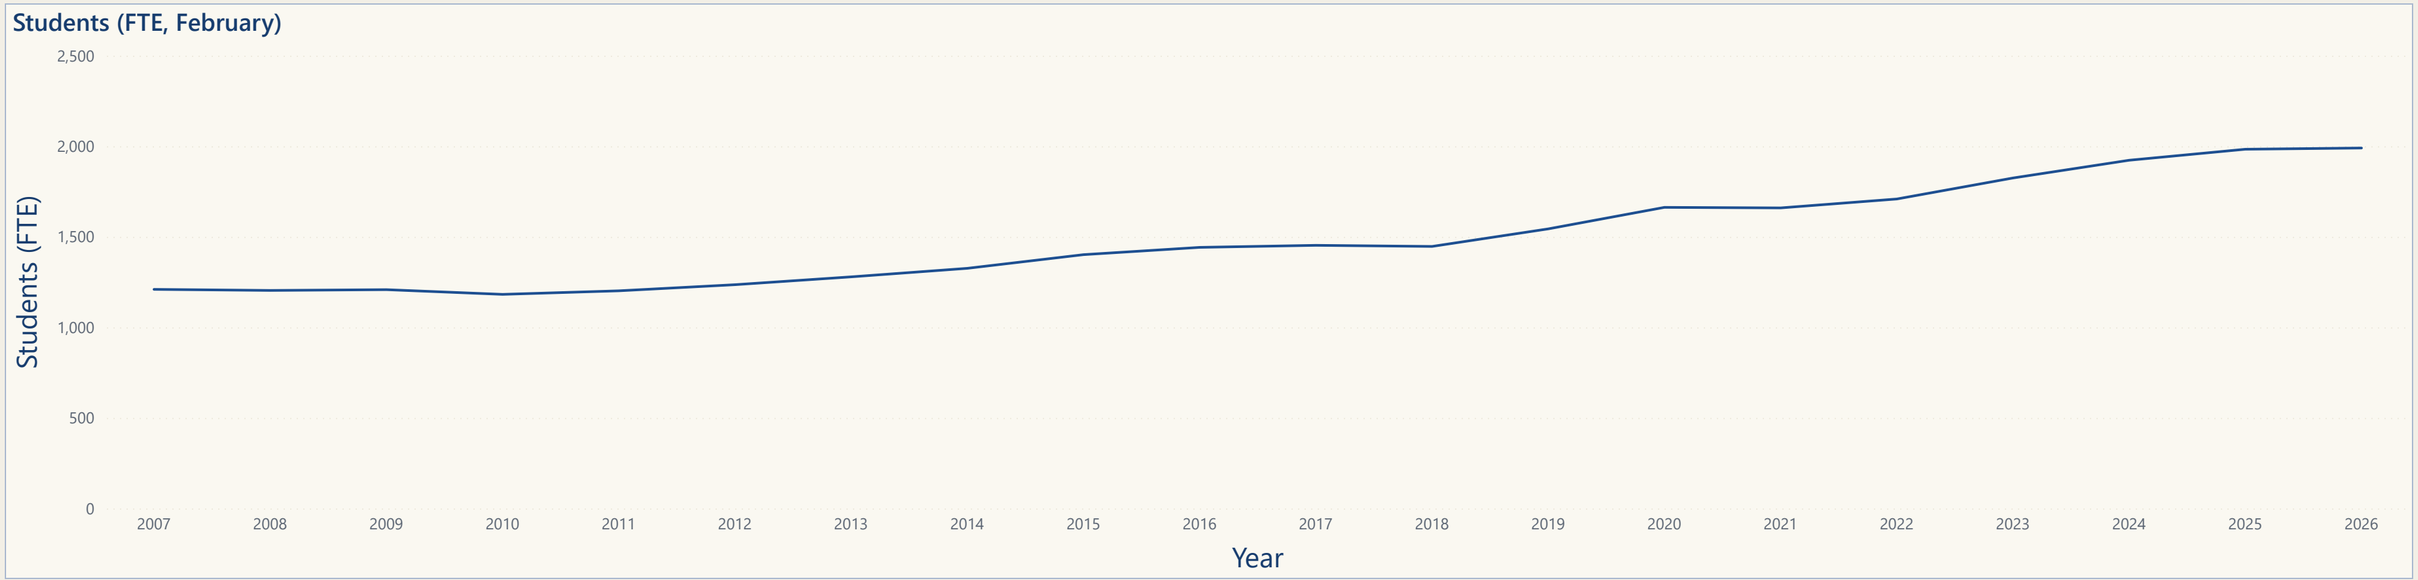

Floor area by building (estimated)

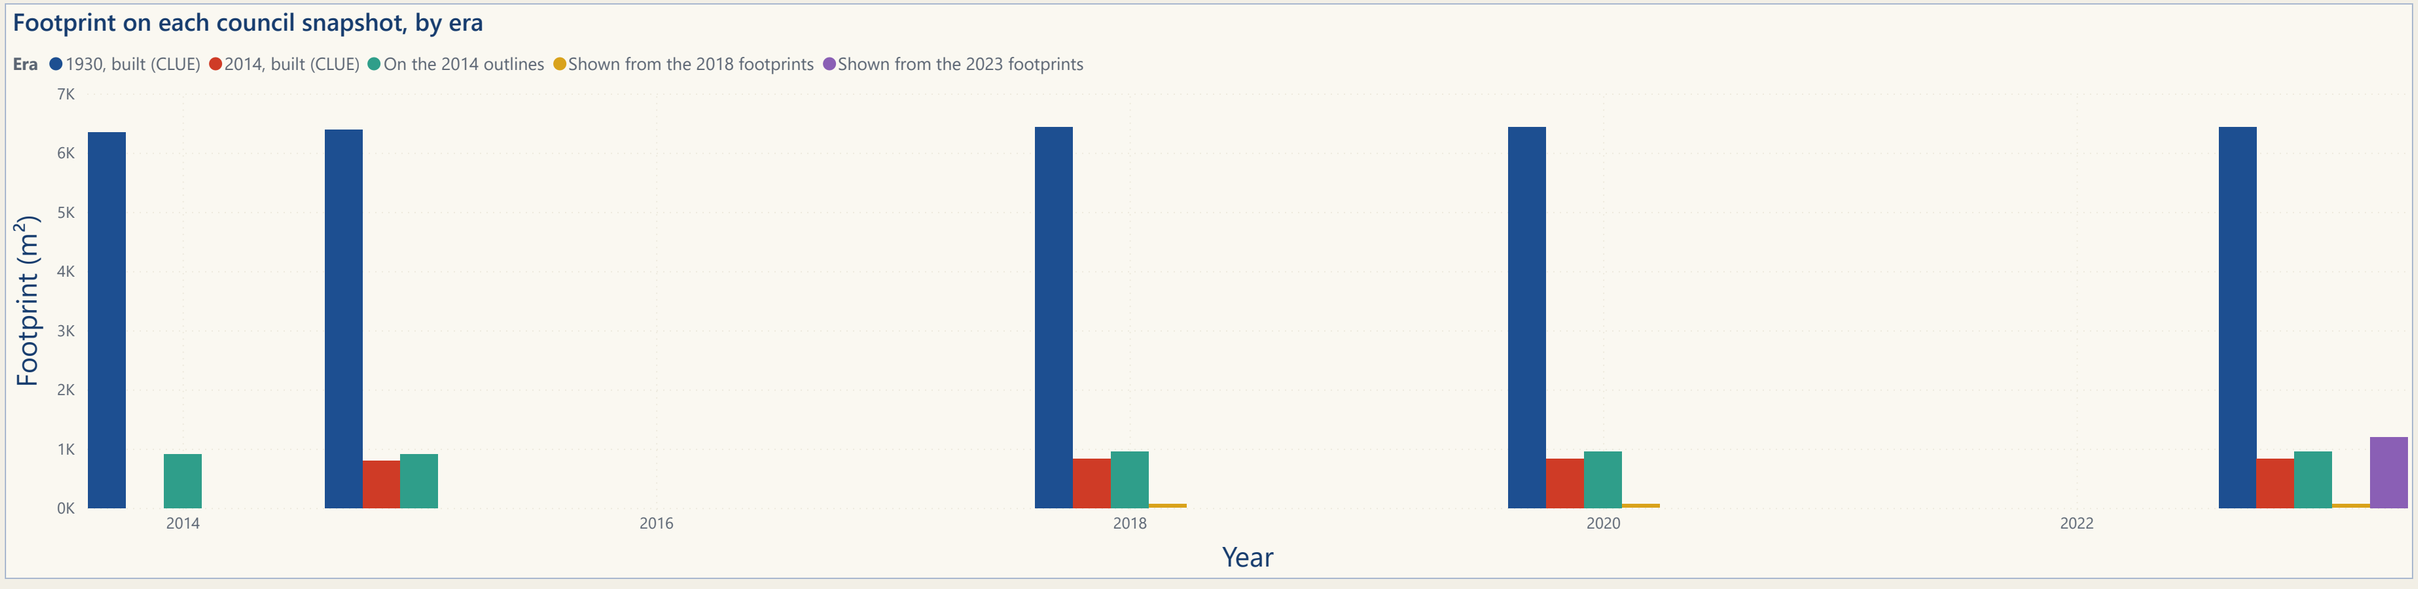

Building outlines 2014 and 2015, building footprints 2018 to 2023, property boundaries and CLUE building information: City of Melbourne Open Data, CC BY 4.0. Enrolments: Victorian Department of Education, All Schools FTE Enrolments (DataVic), CC BY 4.0. Map context: ABS ASGS 2021 suburbs (CC BY 4.0), Vicmap Property road casements (CC BY 4.0). Shapes made in Plotlay (getplotlay.com). Floor space is an estimate.

MORE STUDENTS, THE SAME GROUNDS

February enrolments 2007 to 2026, and the building footprint on each council snapshot.

Building outlines 2014 and 2015, building footprints 2018 to 2023, property boundaries and CLUE building information: City of Melbourne Open Data, CC BY 4.0. Enrolments: Victorian Department of Education, All Schools FTE Enrolments (DataVic), CC BY 4.0. Map context: ABS ASGS 2021 suburbs (CC BY 4.0), Vicmap Property road casements (CC BY 4.0). Shapes made in Plotlay (getplotlay.com). Floor space is an estimate.

WHERE THE RISK SITS

Every asset in the sample register by likelihood of failure (rows) and consequence (columns), the assets by risk, and each building by its assets at high or extreme risk.

Sample data

Assets (Sample data)

226

High or extreme (Sample data)

40

Past expected life (Sample data)

49

Consequence across the top, 1 minor to 5 severe; likelihood down the side, 1 rare to 5 almost certain.

Risk matrix: assets in each cell (Sample data)

Likelihood	1	2	3	4	5
1	8	29	46	8	4
2	4	10	27	9	2
3	1	7	12	4	2
4	3	13	20	4	1
5	1	2	7	2	

Buildings by assets at high or extreme risk (Sample data)

Assets by risk, highest first (Sample data)

Asset	Asset type	Building	Score	Rating	Drivers
FD-005	Fire door	B01	20	Extreme	Past expected life; Poor condition; Life safet…
FD-008	Fire door	B02	20	Extreme	Past expected life; Poor condition; Life safet…
FIP-002	Fire indicator panel (FIP)	B03	20	Extreme	Past expected life; Poor condition; Life safet…
BFP-001	Backflow prevention device	B01	16	High	Past expected life; Poor condition
FD-007	Fire door	B02	16	High	Past expected life; Poor condition; Life safet…
RAP-011	Roof anchor point	B03	16	High	Poor condition; Service overdue
SL-001	Static line	B01	16	High	Past expected life; Poor condition
EF-001	Fan	B01	15	High	Past expected life; Poor condition; Service o…
EXL-038	Combination exit and emergency light	B03	15	High	Past expected life; Poor condition; Life safet…
EXT-016	Fire extinguisher	B01	15	High	Past expected life; Poor condition; Life safet…
EXT-027	Fire extinguisher	B03	15	High	Past expected life; Poor condition; Life safet…
EXT-029	Fire extinguisher	B03	15	High	Past expected life; Poor condition; Life safet…
FHR-008	Fire hose reel	B02	15	High	Past expected life; Poor condition; Service o…
MSB-001	Main switchboard (MSB)	B01	15	High	Poor condition
RAP-002	Roof anchor point	B01	15	High	Poor condition
TMV-005	Thermostatic mixing valve (TMV)	B03	15	High	Past expected life; Poor condition
AHU-002	Air handling unit (AHU)	B01	12	High	Past expected life; Poor condition

Sample data: these figures are not about University High School or any real building (data/sample/README.md says how they were made). Outlines and property boundaries: City of Melbourne Open Data, CC BY 4.0. Suburbs: ABS ASGS 2021 (CC BY 4.0). Road casements: Vicmap Property (CC BY 4.0).

THE WORK ORDER BACKLOG

Open work orders by priority and building, and work orders raised over twelve months, reactive against planned.

Sample data

Open (Sample data)

36

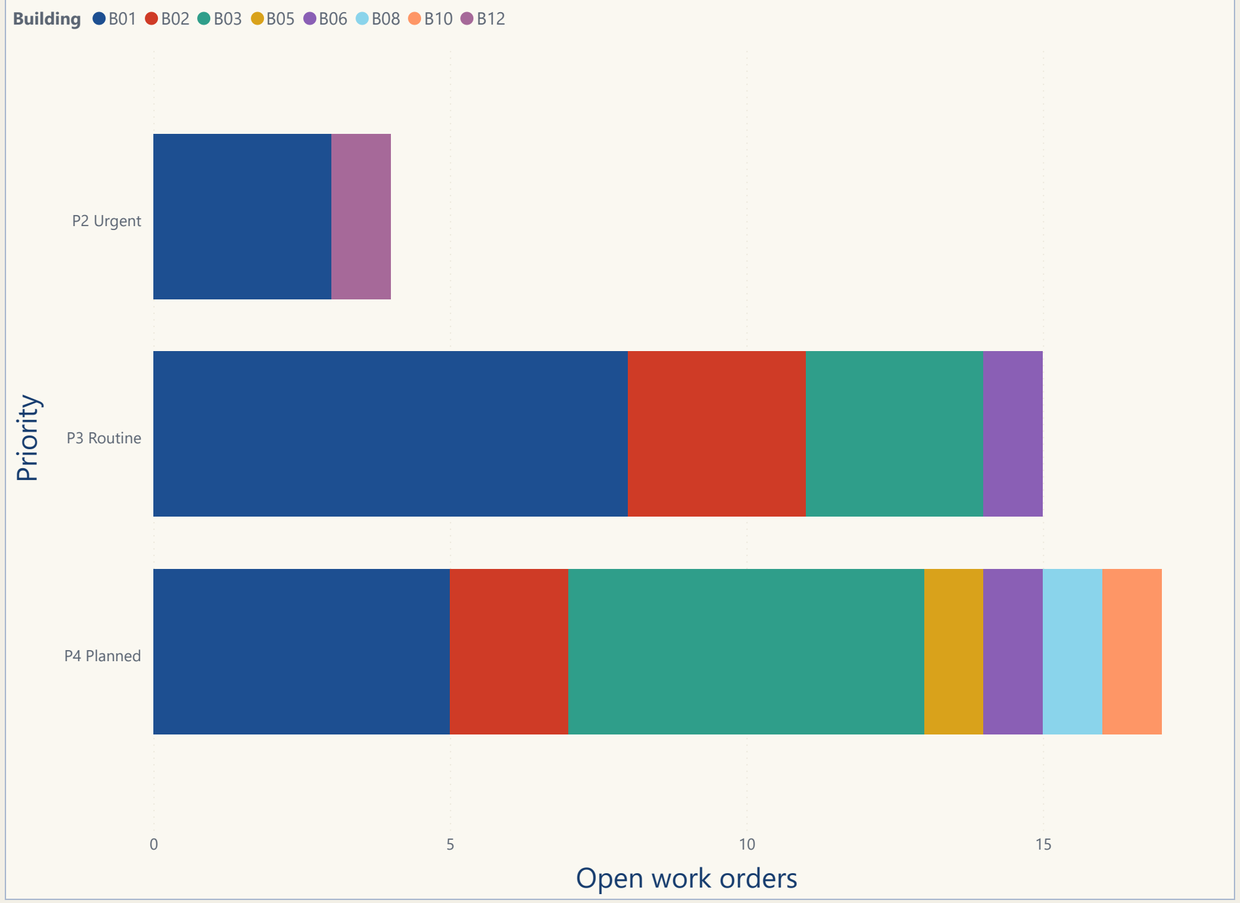

Overdue (Sample data)

17

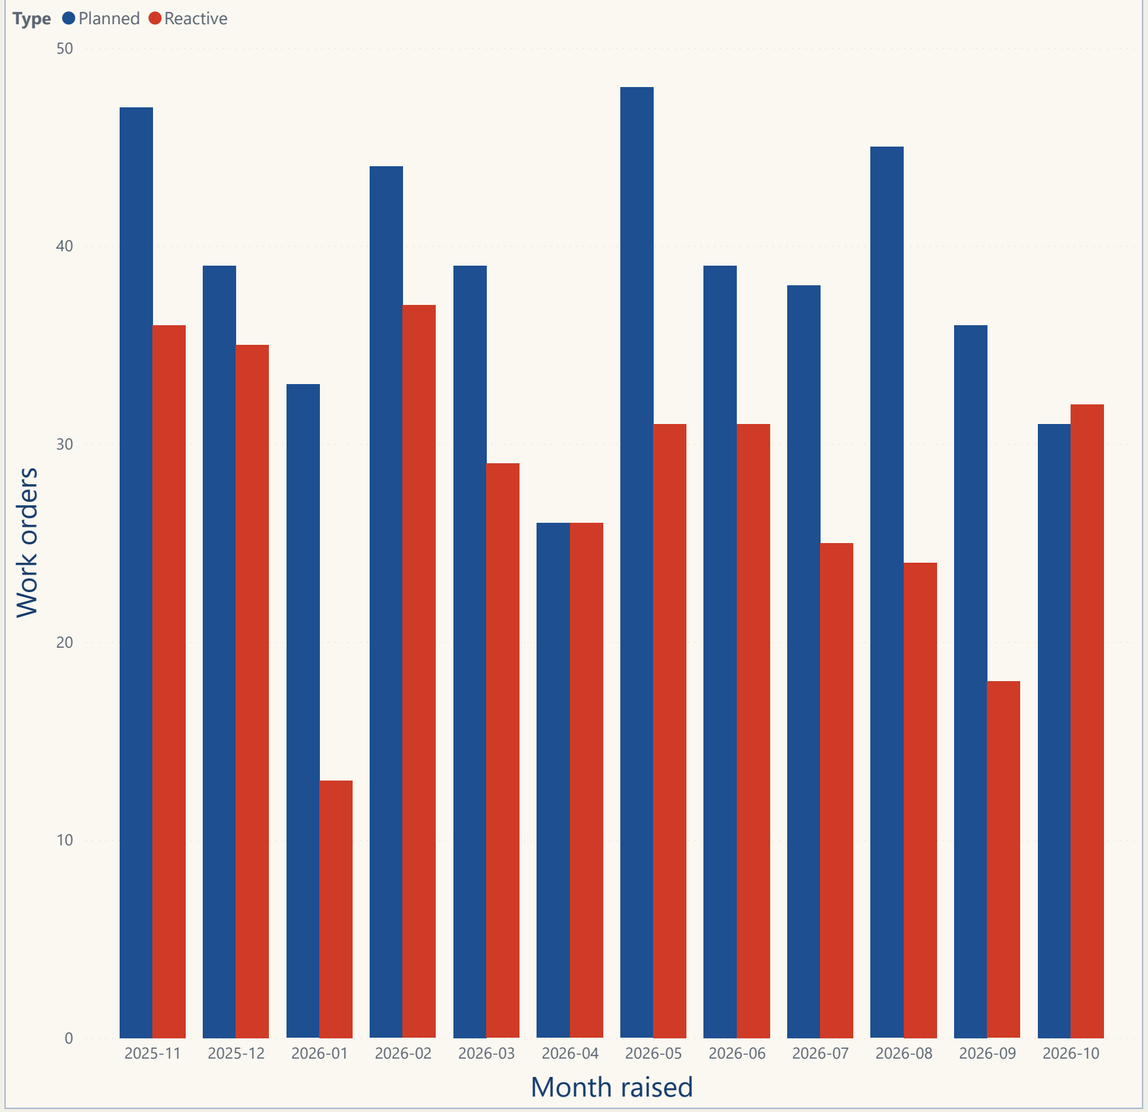

Raised in 12 months (Sample data)

802

Open by priority and building (Sample data)

Raised each month, reactive and planned (Sample data)

Sample data: these figures are not about University High School or any real building (data/sample/README.md says how they were made). Outlines and property boundaries: City of Melbourne Open Data, CC BY 4.0. Suburbs: ABS ASGS 2021 (CC BY 4.0). Road casements: Vicmap Property (CC BY 4.0).

IS THE MAINTENANCE BEING DONE?

Planned maintenance done on time each month, essential safety measures by building and status, and the capital works backlog.

Sample data

Planned maintenance on time (Sample data)

86.9%

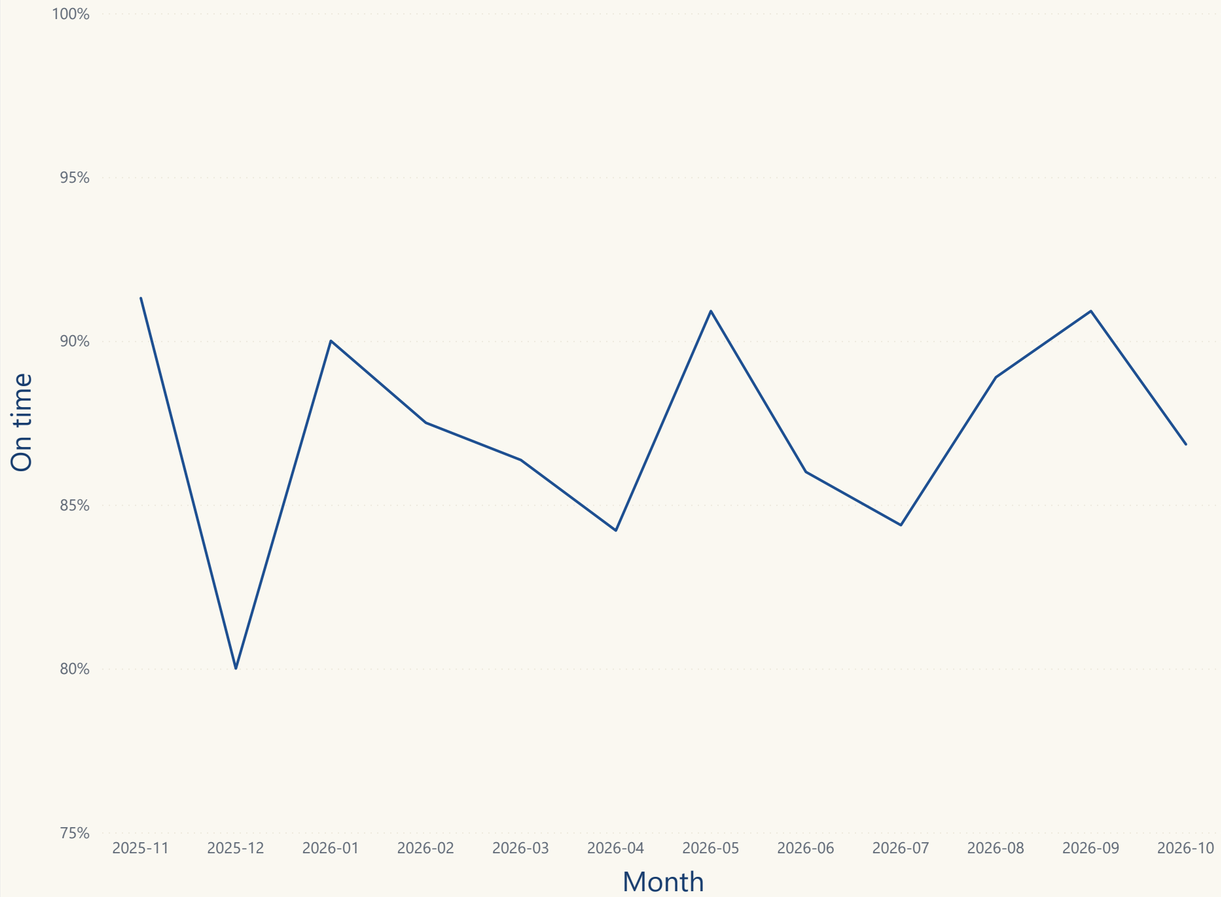

Safety measures overdue (Sample data)

7

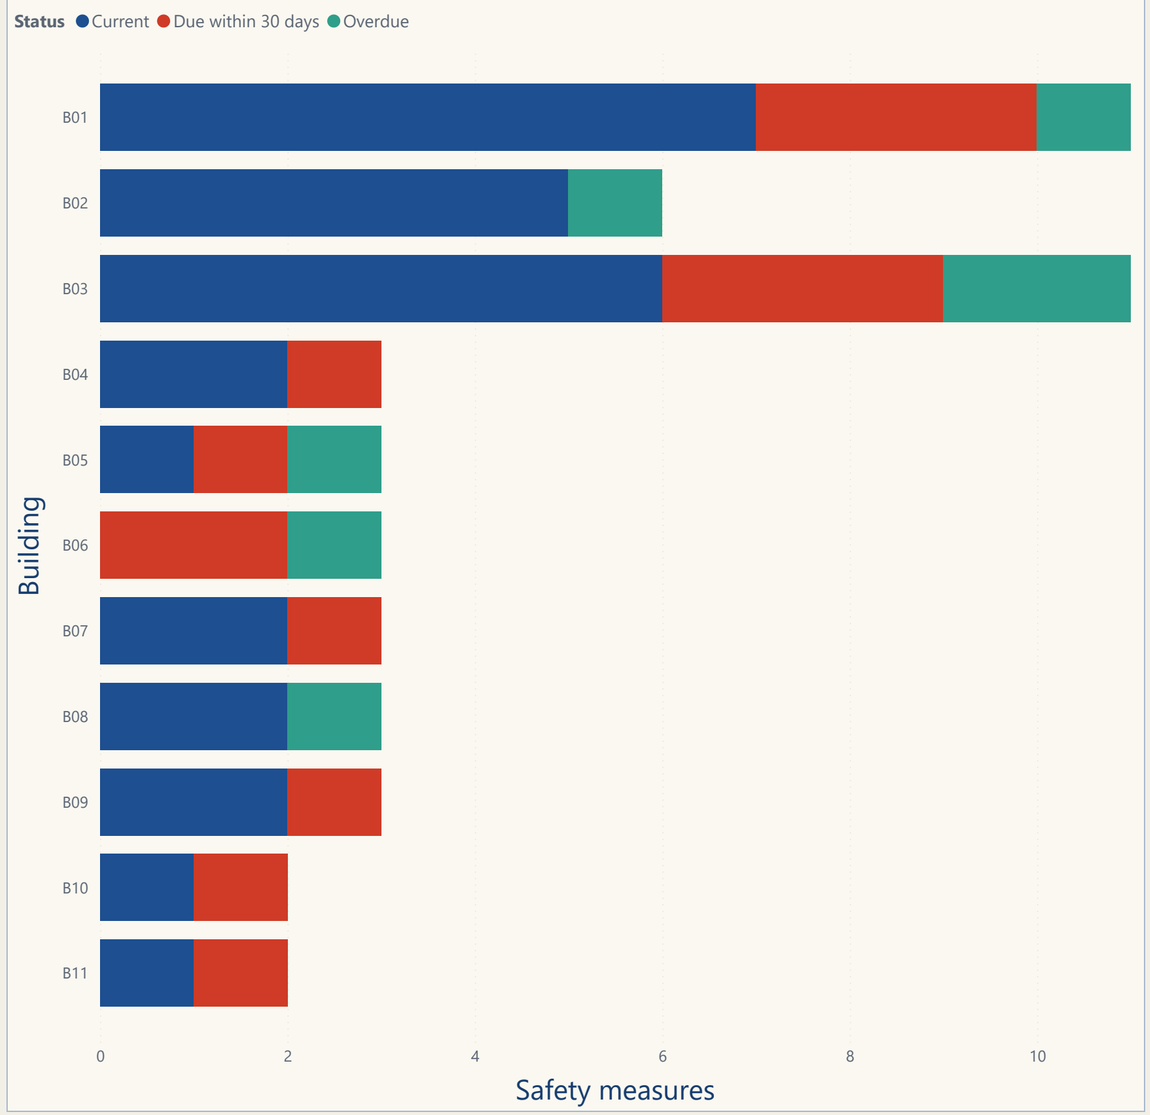

Capital works backlog, AUD (Sample data)

4M

Planned maintenance on time, each month (Sample data)

Essential safety measures by building and status (Sample data)

Sample data: these figures are not about University High School or any real building (data/sample/README.md says how they were made). Outlines and property boundaries: City of Melbourne Open Data, CC BY 4.0. Suburbs: ABS ASGS 2021 (CC BY 4.0). Road casements: Vicmap Property (CC BY 4.0).
